Nova Reports Fourth Quarter and Full Year 2017 Results

Rehovot, Israel – February 13, 2018 – Nova (Nasdaq: NVMI), a leading innovator and a key provider of metrology solutions for advanced process control used in semiconductor manufacturing, today reported financial results for the fourth quarter and full year 2017, the periods ended December 31, 2017.

Fourth Quarter 2017 Highlights:

- Record quarterly revenue of \$57.4 million, up 14% year-over-year, exceeding guidance of \$53 to \$57 million
- GAAP net income of \$8.2 million, or \$0.29 per diluted share, including non-recurring expense of \$3.5 million related to tax provision for prior years, meeting guidance of \$0.29 to \$0.37 per share
- Non-GAAP net income of \$13.0 million, or \$0.45 per diluted share, exceeding guidance of \$0.34 to \$0.42 per share
- Launched three new metrology solutions, enhancing Nova’s Optical CD and X-ray capabilities in Memory and Logic

Full Year 2017 Highlights:

- Record full-year revenue of \$222 million, up 35% year-over-year, outperforming the industry growth pace
- Record GAAP net income of \$46.5 million, or \$1.63 per diluted share, up 365% year-over-year on a per-share basis
- Record non-GAAP net income of \$55.4 million, or \$1.94 per diluted share, up 76% year-over-year on a per-share basis
- Continuous customer diversification and growing position in Memory led to record yearly revenue in both Dimensional Optical and Materials X-ray metrology product lines

A reconciliation between GAAP operating results and non-GAAP operating results is provided following the financial statements that are part of this release. Non-GAAP results exclude amortization of acquired intangible assets, net adjustments of deferred tax assets, tax provision for previous years, stock-based compensation expenses, expense related to a royalty buyout agreement with the Israel Innovation Authority, or IIA (formerly known as the Office of the Chief Scientist) and inventory write-off.

Management Comments

“Our record quarterly revenue was an excellent conclusion to a fifth consecutive record revenue year, demonstrating the strength of our diverse product portfolio across all platforms and technology segments,” commented Eitan Oppenheim, President and Chief Executive Officer of Nova. “2017 was an outstanding year in which our product revenue grew at 42%, outperforming the industry’s growth rates. In parallel, we continued to leverage our operational efficiency, leading to record annual profit”

“We believe that our consistent performance, combined with the launch of new offerings, will lead us to continued growth in 2018. Encouraged by our performance in 2017, we intend to continue executing our strategic plan effectively in order to meet our aggressive growth plan while we expand our product portfolio, solidify our market position and improve customer diversification,” Mr. Oppenheim continued. “As a leading innovator in the metrology space, we intend to continue our growth by investing in the research and development of disruptive solutions, in order to capture emerging metrology markets and strengthen our market position.”

2018 First Quarter Financial Outlook

Management provided an outlook for the first quarter, the period ending March 31, 2018. Based on current estimates, management expects:

- \$54 million to \$60 million in revenue
- \$0.29 to \$0.40 in diluted GAAP EPS
- \$0.34 to \$0.45 in diluted non-GAAP EPS

2017 Fourth Quarter Results

About Nova: Nova Measuring Instruments delivers continuous innovation by providing advanced metrology solutions for the semiconductor manufacturing industry. Deployed with the world's largest integrated-circuit manufacturers, Nova's products deliver state-of-the-art, high-performance metrology solutions for effective process control throughout the semiconductor fabrication lifecycle. Nova's product portfolio, which combines high-precision hardware and cutting-edge software, supports the development and production of the most advanced devices in today's high-end semiconductor market. Nova's technical innovation and market leadership enable customers to improve process performance, enhance products' yields and accelerate time to market. Nova acts as a partner to semiconductor manufacturers from its offices around the world. Additional information may be found at www.novameasuring.com.

Nova is traded on the NASDAQ & TASE under the symbol NVMI.

This press release provides financial measures that exclude charges for amortization of acquired intangible assets, net adjustment of deferred tax assets, tax provision for prior years, stock-based compensation expenses, expense related to a royalty buyout agreement with IIA (formerly known as the Office of the Chief Scientist) and inventory write-off and are therefore not calculated in accordance with generally accepted accounting principles (GAAP). Management believes that these non-GAAP financial measures provide meaningful supplemental information regarding Nova's performance because they reflect our operational results and enhances management's and investors' ability to evaluate Nova's performance before charges or benefits considered by management to be outside Nova's ongoing operating results. The presentation of this non-GAAP financial information is not intended to be considered in isolation or as a substitute for the financial information prepared and presented in accordance with GAAP. Management believes that it is in the best interest of its investors to provide financial information that will facilitate comparison of both historical and future results and allows greater transparency to supplemental information used by management in its financial and operational decision making. A reconciliation of each GAAP to non-GAAP financial measure discussed in this press release is contained in the accompanying financial tables.

This press release contains forward-looking statements within the meaning of safe harbor provisions of the Private Securities Litigation Reform Act of 1995 relating to future events or our future performance, such as statements regarding, but not limited to, anticipated growth opportunities and projections about our business and its future revenues, expenses and profitability. Forward-looking statements involve known and unknown risks, uncertainties and other factors that may cause our actual results, levels of activity, performance or achievements to be materially different from any future results, levels of activity, performance or achievements expressed or implied in those forward looking statements. Factors that may affect our results, performance, circumstances or achievements include, but are not limited to, the following: our dependency on three product lines; our dependency on a small number of large customers and small number of suppliers; the highly cyclical and competitive nature of the markets we target and we operate in; our inability to reduce spending during a slowdown in the semiconductor industry; our ability to respond effectively on a timely basis to rapid technological changes; our ability to recognize the benefits of ReVera acquisition and risks that the acquisition may disrupt current plans and operations and impact relationships with customers, distributors and suppliers; our dependency on PEMs; risks related to exclusivity obligations and non-limited liability that may be included in our commercial agreements and arrangements; our ability to retain our competitive position despite the ongoing consolidation in our industry; risks related to our dependence on our manufacturing facilities; risks related to changes in our order backlog; risks related to efforts to complete and integrate current and/or

future acquisitions; risks related to worldwide financial instabilities; risks related to our intellectual property; new product offerings from our competitors; unanticipated manufacturing or supply problems; risks related to government programs we participate in; risks related to taxation; changes in customer demand for our products; risks related to currency fluctuations, risks related to acquisitions we may pursue and risks related to our operations in Israel. We cannot guarantee future results, levels of activity, performance or achievements. The matters discussed in this press release also involve risks and uncertainties summarized under the heading "Risk Factors" in Nova's Annual Report on Form 20-F for the year ended December 31, 2016 filed with the Securities and Exchange Commission on March 3, 2017. These factors are updated from time to time through the filing of reports and registration statements with the Securities and Exchange Commission. Nova Measuring Instruments Ltd. does not assume any obligation to update the forward-looking information contained in this press release.
